

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven and Onnie Scheyer
DOCKET NO.: 23-22703.001-R-1
PARCEL NO.: 04-01-401-064-0000

The parties of record before the Property Tax Appeal Board are Steven and Onnie Scheyer, the appellant, by Robert Rosenfeld, attorney-at-law of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$68,198
IMPR.: \$102,224
TOTAL: \$170,422

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 37,888 square foot site improved with a one-story dwelling of frame exterior construction containing 4,972 square feet of living area. The dwelling is approximately 77 years old. Features of the property include a partial basement with a formal recreation room, central air conditioning, two fireplaces, three full bathrooms, two half bathrooms and a 2-car garage. The property is in Glencoe, New Trier Township, Cook County. The subject is a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables consisting of class 2-04 properties improved with one-story dwellings of frame, masonry or frame and masonry exterior construction that range in size from 4,145 to 4,991

square feet of living area. The homes are 69 or 79 years old. Each property has a partial or full basement, central air conditioning, one to three fireplaces, and a 2-car or 3-car garage. The comparables have 3½, 4½ or 5 bathrooms. These properties have the same neighborhood code as the subject property and are located from 144 feet or approximately .3 of a mile from the subject property. The comparables have improvement assessments ranging from \$88,786 to \$98,569 or from \$19.75 to \$21.42 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$102,224.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,908. The subject property has an improvement assessment of \$111,710 or \$22.47 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-04 properties improved with 1-story or 1.5-story dwellings of masonry or frame and masonry exterior construction that range in size from 2,131 to 2,996 square feet of living area and are 59 to 68 years old. One comparable has a crawl space foundation, one comparable has a partial basement with a recreation room, and two comparables have full basements with recreation rooms. Each property has one fireplace, a 2-car garage and 2½, 3 or 3½ bathrooms. Three comparables have central air conditioning. These properties have the same neighborhood code as the subject and are in the same block or ¼ of a mile from the subject property. Their improvement assessments range from \$56,098 to \$81,998 or from \$23.93 to \$27.37 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on eight equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board finds the best evidence of assessment equity to be the appellant's comparables that are more similar to the subject in dwelling size than are the comparables submitted by the board of review that are from approximately 40% to 57% smaller than the subject dwelling. The appellant's comparables are also similar to the subject in age and most features. The appellant's comparables have improvement assessments that range from \$88,786 to \$98,569 or from \$19.75 to \$21.42 per square foot of living area. The subject's improvement assessment of \$111,710 or \$22.47 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
