

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: NSH Properties, LLC
DOCKET NO.: 23-22831.001-R-1
PARCEL NO.: 11-18-101-022-0000

The parties of record before the Property Tax Appeal Board are NSH Properties, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,250
IMPR.: \$30,750
TOTAL: \$45,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of frame exterior construction with 2,016 square feet of building area. The building is approximately 120 years old. Features of the property include a full basement and a 1-car garage. The property has a 5,700 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood and property classification codes as the subject. The comparables are 2-story buildings of stucco, frame or masonry exterior construction ranging in size from 1,924 to 2,988 square feet of building area. The buildings range in age from 99 to 135 years old. Each comparable has a full basement and a 2-car garage. The comparables have improvement

assessments ranging from \$27,250 to \$44,900 or from \$13.97 to \$15.03 per square foot of building area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review did not timely submit its "Board of Review Notes on Appeal" or any evidence in support of its assessment of the subject property as required by section 1910.40(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.40(a). Therefore, the board of review was found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.69(a).

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the only evidence of assessment equity to be the four comparables submitted by the appellant. However, three comparables are 9 to 21 years older and 36% to 48% larger in building size than the subject when compared to the subject dwelling. Each comparable also has a larger 2-car garage when compared to the subject's 1-car garage. Nevertheless, these comparables had improvement assessments that ranged from \$27,250 to \$44,900 or from \$13.97 to \$15.03 per square foot of living area. The subject's improvement assessment of \$30,750 or \$15.25 per square foot of living area falls within the range established by the best comparables in this record on an overall basis and slightly above the range on a square foot basis which is logical when considering economies of scale as three comparables have significantly larger building sizes than the subject. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
