

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Collins
DOCKET NO.: 23-23350.001-R-1
PARCEL NO.: 27-03-226-015-0000

The parties of record before the Property Tax Appeal Board are Gary Collins, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a **Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,606
IMPR.: \$50,537
TOTAL: \$59,143

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame/masonry construction with 3,338 square feet of living area. The dwelling is approximately twenty years old. Features of the home include a full basement, central air conditioning, a fireplace, three bathrooms and a three-car garage. The property is in Orland Park, Orland Township, Cook County. The subject is classified as 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. Each of the properties are two-story dwellings of frame and masonry construction. They are all within approximately three years in age difference from the subject property, are all air conditioned, have full basements, a fireplace, three or four bathrooms and a three-car garage. The appellants comparables range from 3,548 to 3,792 square feet of building area; and in improvement

assessment of \$14.70 to \$14.87. Two of three appellant comparables are on the same block as the subject property, all three are close in proximity to the subject ranging from 157 feet to .2 of a mile from the property. On this evidence the appellant is seeking a reduction in total assessment to \$57,808.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,143; and an improvement assessment of \$50,537 or \$15.14 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables. Each of the board comparables are two-story dwellings of approximate age constructed of frame and masonry. Each is air conditioned, has a fireplace, full basement, three bathrooms and a three-car garage. The board comparables range in size from 2,957 to 3,669 square feet of building area; and in improvement assessment from \$15.92 to \$16.74 per square foot of building area. The board is requesting no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *met/did not meet* this burden of proof and a reduction in the subject's assessment *is/is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's* comparables one through three. These comparables had improvement assessments that ranged from \$14.70 to \$14.87 per square foot of living area. The subject's improvement assessment of \$15.14 per square foot of living area falls **above** the range established by the best comparables in this record. Based on this record the Board finds the appellant *did* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment. Accordingly, a reduction in total assessment to \$57,641 is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
