

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Nowobilski
DOCKET NO.: 23-23377.001-R-1
PARCEL NO.: 22-21-408-008-0000

The parties of record before the Property Tax Appeal Board are John Nowobilski, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,225
IMPR.: \$28,677
TOTAL: \$41,902

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,141 square feet of living area. The dwelling is approximately 33 years old. Features of the home include a full basement, central air conditioning, one fireplace, 2½ bathrooms and a 3-car garage. The property has a 23,000 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located from .08 of a mile to 2.1 miles from the subject, including one located within the subject's assessment neighborhood. The comparables are composed of class 2-78 two-story dwellings of masonry or frame and masonry exterior construction, ranging in size from

2,914 to 3,450 square feet of living area. The homes are approximately 30 to 39 years old. Each property has a full basement, 2 full bathrooms, with two comparables having an additional 1 or 2 half bathrooms, central air conditioning, one fireplace, and a 3-car garage. The comparables have improvement assessments that range from \$26,000 to \$31,871 or from \$8.87 to \$9.24 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$28,677 or \$9.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,776. The subject property has an improvement assessment of \$34,551 or \$11.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables in Lemont composed of class 2-78 two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,815 to 3,408 square feet of living area. The comparables are approximately 4 to 19 years old. Each comparable has a full basement, 2 or 4 full and 1 or 2 half bathrooms, central air conditioning, one fireplace, and a 2-car or 2.5-car garage. None of the comparables are located within the same assessment code as the subject. The comparables have improvement assessments that range from \$50,276 to \$61,565 or \$16.01 to \$19.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to the board of review's comparables which differ most in age from the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are more similar to the subject in dwelling size, age, garage size and features. The best comparables have improvement assessments ranging from \$26,000 to \$31,871 or \$8.87 to \$9.27 per square foot of living area. The subject's improvement assessment of \$34,551 or \$11.00 per square foot of living area is above the best comparables improvement assessments. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject in dwelling size and age, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
