

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marek Gagatek
DOCKET NO.: 23-23406.001-R-1
PARCEL NO.: 07-14-108-005-0000

The parties of record before the Property Tax Appeal Board are Marek Gagatek, the appellant, by Brian P. Liston, attorney-at-law of the Law Offices of Liston & Tsantilis, P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,500
IMPR.: \$19,499
TOTAL: \$29,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of frame and masonry exterior construction that contains 1,738 square feet of living area. The dwelling is approximately 68 years old. Features of the property include a crawl space foundation, central air conditioning, two bathrooms, and a 2-car garage. The property has a 26,251 square foot site located in Hoffman Estates, Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables consisting of class 2-03 properties improved with one-story dwellings of frame and masonry exterior construction that range in size from 1,296 to 1,714 square feet of living area. The homes range in age from 65 to 68 years old. Each property has a slab or crawl space

foundation, central air conditioning, 1 or 1½ bathrooms, and a 2-car garage. Comparable #2 has one fireplace. These properties have the same assessment neighborhood code as the subject property and are located from .2 of a mile to 2.25 miles from the subject property. The comparables have improvement assessments ranging from \$13,500 to \$18,060 or from \$10.42 to \$10.68 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$15,382.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,999. The subject property has an improvement assessment of \$19,499 or \$11.22 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables composed of class 2-03 properties improved with one-story dwellings of frame and masonry exterior construction that range in size from 1,416 to 1,512 square feet of living area. Each dwelling is 67 years old. One comparable has central air conditioning. Each comparable has 2 or 2½ bathrooms and a 2-car garage. The comparables have the same assessment neighborhood code as the subject property and are located in the same assessment block as the subject property with comparables #1 and #2 being located along the same street as the subject. Their improvement assessments range from \$19,501 to \$20,644 of from \$13.52 to \$14.58 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on six equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #1 and #2 due to differences from the subject in location being approximately 1.75 miles and 2.25 miles from the subject, respectively. The four remaining comparables are similar to the subject in location, age and exterior construction. The four best comparables in terms of location are smaller than the subject home ranging in size from 1,416 to 1,512 square feet of living area and would require upward adjustments to make them more equivalent to the subject in dwelling size. Additionally, board of review comparables #2 and #3 lack central air conditioning, a feature of the subject property, and would require upward adjustments to make them more equivalent to the subject for this difference. Nevertheless, these four comparables have improvement assessments that range from \$15,416 to \$20,644 or from \$10.68 to \$14.58 per square foot of living area. The subject's improvement assessment of \$19,499 or \$11.22 per square foot of living area falls within the range established by the best comparables in this record despite differences in size and some features. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
