

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ruben Aviles
DOCKET NO.: 23-23415.001-R-1
PARCEL NO.: 07-16-215-004-0000

The parties of record before the Property Tax Appeal Board are Ruben Aviles, the appellant, by Brian P. Liston, attorney-at-law of the Law Offices of Liston & Tsantilis, P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,120
IMPR.: \$16,520
TOTAL: \$23,640

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of frame and masonry exterior construction that contains 1,418 square feet of living area. The dwelling is approximately 58 years old. Features of the property include a slab foundation, 1½ bathrooms, and a 2-car garage. The property has an 11,867 square foot site located in Hoffman Estates, Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables composed of class 2-03 properties improved with one-story dwellings of frame and masonry exterior construction that range in size from 1,296 to 1,714 square feet of living area. The dwellings are 65 or 66 years old. Each property has a slab foundation, 1 or 1½ bathrooms,

one fireplace, and a 2-car garage. Two comparables have central air conditioning. The comparables have the same assessment neighborhood code as the subject property and are located from 1.1 to 1.3 miles from the subject property. Their improvement assessments range from \$12,986 to \$18,060 or from \$10.02 to \$10.58 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$14,269.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,640. The subject property has an improvement assessment of \$16,520 or \$11.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-03 properties improved with one-story dwellings of frame and masonry exterior construction that range in size from 1,120 to 1,418 square feet of living area. Each dwelling is 58 years old. Each comparable has a slab foundation, one to two bathrooms, and a 1-car, 2-car or 2.5-car garage. Three comparables have central air conditioning and one comparable has one fireplace. The comparables have the same neighborhood code as the subject property and are located in the same block or ¼ of a mile from the subject property. Three comparables are located along the same street as the subject property. Their improvement assessments range from \$17,383 to \$22,288 or from \$12.98 to \$19.90 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject in location and age than are the comparables provided by the appellant. The board of review comparables vary from the subject in size and features that would require adjustments to make them more equivalent to the subject property. Nevertheless, these comparables have improvement assessments that range from \$17,383 to \$22,288 or from \$12.98 to \$19.90 per square foot of living area. Board of review comparables #1 and #4 are most similar to the subject in dwelling size with improvement assessments of \$18,405 and \$20,450 or \$12.98 and \$14.51 per square foot of living area, respectively. The subject's improvement assessment of \$16,520 or \$11.65 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
