

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Reynaldo Frausto
DOCKET NO.: 23-23432.001-R-1
PARCEL NO.: 25-31-210-025-0000

The parties of record before the Property Tax Appeal Board are Reynaldo Frausto, the appellant(s), by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,835
IMPR.: \$9,165
TOTAL: \$12,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 135-year-old, residential, 1.5-story dwelling of frame construction with 1,628 square feet of living area. A feature of the home is a full basement. The property has a 4,725 square foot site and is located in Blue Island, Calumet Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as frame construction dwellings. They range in age from 128 to 136 years; in size from 1,428 to 1,796 square feet of living area; and an improvement assessment of \$3.79 to \$4.35 per square foot of

living area. The suggested comparables are located within a .77-mile radius of the subject. The appellant requested the subject's total assessment be reduced to \$9,428.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,000. The subject property has an improvement assessment of \$9,165 or \$5.63 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as frame construction, 1.5-story dwellings. They range in age from 99 to 135 years; in size from 1,519 to 1,623 square feet of living area; and an improvement assessment ranging from \$6.18 to \$8.22 per square foot of living area. These properties have full basements and zero or two-car garages. The properties are located within a ¼-mile radius of the subject property. The board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity is the board of review's suggested comparables #2 and #3. The dwellings on these comparables are similar to the subject dwelling in age, construction, location, amenities and living area size. As for the comparables not considered the best evidence, the appellant's suggested comparables are one-story dwellings unlike the subject.

The Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
