

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Guel
DOCKET NO.: 23-23589.001-R-2
PARCEL NO.: 01-02-100-020-0000

The parties of record before the Property Tax Appeal Board are Thomas Guel, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,910
IMPR.: \$192,677
TOTAL: \$214,587

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 8,469 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full basement, central air conditioning, eight full and three half bathrooms, eight fireplaces, and a 5-car garage. The property has a 219,107 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the subject's assessment neighborhood and from 4.3 to 4.84 miles from the subject. The comparables consist of 2-story class 2-09 dwellings of masonry exterior construction ranging in size from 6,906 to 8,141 square feet of living area. The homes range in

age from 32 to 34 years old. Each dwelling has central air conditioning, three full and two half to six full and two half bathrooms, a fireplace, a full basement, and a 2.5-car to 4-car garage. The comparables have improvement assessments ranging from \$63,700 to \$82,547 or from \$7.82 to \$11.34 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$84,182 or \$9.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$214,587. The subject property has an improvement assessment of \$192,677 or \$22.75 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on two equity comparables, one of which is located within the subject's assessment neighborhood and within the same block as the subject. The comparables consist of 2-story class 2-09 dwellings of masonry exterior construction containing either 5,579 or 6,356 square feet of living area. The homes are 7 and 12 years old. Each dwelling has central air conditioning, three full and one half bathrooms or five full and two half bathrooms, three or five fireplaces, a full basement, and either a 3-car, or 4-car garage. The comparables have improvement assessments of \$140,44 and \$155,226 or \$24.42 and \$25.17 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables have varying degrees of similarity to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from \$63,700 to \$155,226 or from \$7.82 to \$25.17 per square foot of living area. The subject's improvement assessment of \$192,677 or \$22.75 per square foot of living area is above the range established by the best comparables in this record overall, but within the range on a per-square-foot basis. The Board finds the subject's higher overall assessment logical given the subject's superior dwelling size, bathroom count, fireplace count, and garage capacity in relation to each of the comparables. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
