

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Martin Morris
DOCKET NO.: 23-23655.001-R-1
PARCEL NO.: 32-06-124-024-0000

The parties of record before the Property Tax Appeal Board are Martin Morris, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,125
IMPR.: \$11,791
TOTAL: \$14,916

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,272 square feet of living area. The dwelling is approximately 72 years old. Features include a full basement finished with an apartment,¹ central air conditioning, and a 2-car garage. The property has a 6,250 square foot site and is located in Homewood, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of frame or masonry exterior

¹ The parties disagree as to the description of the subject's basement. The Board finds the best description of the subject basement was found in Section III of the appeal petition which was corroborated by the appellant's grid.

construction ranging in size from 1,150 to 1,375 square feet of living area. The dwellings range in age from 68 to 101 years old. Each comparable has a full basement with three having finished area and from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$8,000 to \$10,091 or from \$6.57 to \$7.34 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,916. The subject property has an improvement assessment of \$11,791 or \$9.27 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,085 to 1,392 square feet of living area. The dwellings are either 70 or 72 years old. Three comparables each have a full or partial basement with two having finished area and one comparable has a slab foundation. Two comparables each have central air conditioning. Each comparable has from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$12,875 to \$18,875 or from \$11.87 to \$13.85 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 as well as board of review comparables #3 and #4 which have a dissimilar 1.5-story design, when compared to the subject's 1-story design, differ substantially from the subject in age, and/or lack a basement foundation which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #5 as well as the board of review comparables #1 and #2 which are relatively similar to the subject in location, design/class, age and dwelling size with varying degrees of similarity in basement finish and other features. The best comparables have improvement assessments ranging from \$8,500 to \$16,875 or from \$7.11 to \$13.85 per square foot of living area. The subject property's improvement assessment of \$11,791 or \$9.27 per square foot of living falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
