

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mahbubur Bhuiya
DOCKET NO.: 23-23661.001-R-1
PARCEL NO.: 29-04-101-046-0000

The parties of record before the Property Tax Appeal Board are Mahbubur Bhuiya, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,859
IMPR.: \$8,713
TOTAL: \$10,572

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 66-year-old, residential dwelling of masonry construction with 1,085 square feet of living area. Features of the home include a full basement and a two-car garage. The property has a 4,375 square foot site and is located in Riverdale, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as frame or masonry construction dwellings. They range in age from 70 to 85 years; in size from 1,020 to 1,192 square feet of living area; and an improvement assessment of \$3.16 to \$3.59 per square foot of living area. The properties have zero to two-car garages. The appellant did not disclose

the proximate distance to the subject but three of the properties are located within the same subarea as the subject property. The appellant requested the subject's total assessment be reduced to \$5,602.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,572. The subject property has an improvement assessment of \$8,713 or \$8.03 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as masonry construction, one-story dwellings. They are 65 or 66 years in age; range in size from 1,020 to 1,085 square feet of living area; and an improvement assessment ranging from \$8.33 to \$9.05 per square foot of living area. These properties have full basements and two-car garages. The properties are located on the same block as the subject property. The board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity is the board of review's suggested comparables #1, #2 and #3. The dwellings on these comparables are similar to the subject dwelling in age, construction, location, amenities and living area size.

The best comparables had improvement assessments that ranged from \$8.33 to \$9.05 per square foot of living area. The subject's improvement assessment of \$8.03 per square foot of living area falls below the range established by the best comparables in this record. After considering all the best comparable properties submitted by the parties with emphasis on those properties that are proximate in location, similar in size of living area, and with similar features to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
