

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

+APPELLANT: Adam Wilde
DOCKET NO.: 23-23986.001-R-1
PARCEL NO.: 15-01-212-019-0000

The parties of record before the Property Tax Appeal Board are Adam Wilde, the appellant(s), by attorney Timothy C. Jacobs, of Kovitz Shifrin Nesbit in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,106
IMPR.: \$57,394
TOTAL: \$71,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 84-year-old, two-story, single-family dwelling of masonry construction with 2,942 square feet of living area. The property has a 9,250 square foot site located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of its market value argument, the appellant completed Section IV – Recent Sale Data in its Residential Appeal Form indicating the subject property was purchased on April 1, 2021, for \$715,000, the sale did not occur between family members, was sold by a realtor, and was advertised for sale with the multiple listing service for a period of two months. In addition, the appellant submitted copies of the Settlement Statement and a print out from the multiple listing service for the subject property. The Settlement Statement lists payments made to both the buyer's and the seller's real estate

brokerages and the seller's attorney's fees. The appellant also submitted a copy of the board of review's written decision reflecting its final total assessment for the subject property of \$81,995. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$71,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total valuation assessment for the subject of \$81,995 and an improvement assessment of \$67,889. The valuation assessment reflects a market value of \$819,950, or \$278.70 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four suggested comparables. Each comparable was improved with a two-story, single-family residence of masonry construction. The comparables ranged from 3,290 to 3,586 square feet of living area and from 67 to 89 years of age. They sold between February of 2021 and October of 2023 for prices ranging from \$875,000 to \$1,347,200, or from \$245.40 to \$409.48 per square foot of living area. In addition, the board of review included information in its grid analysis indicating the subject property sold in May of 2021 for \$715,000, or \$243.03 per square foot of living area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *did meet* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April of 2021 for a price of \$715,000. Section IV – Recent Sale Data in its Residential Appeal Form indicating the subject property was purchased on April 1, 2021, for \$715,000, the sale did not occur between family members, was sold by a realtor, and was advertised for sale with the multiple listing service for a period of two months. In addition, the appellant submitted copies of the Settlement Statement and print-out from the multiple listing service for the subject property. The Settlement Statement lists payments made to both the buyer's and the seller's real estate brokerages and the seller's attorney's fees.

The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. Based on this record the Board finds the subject property had a market value of \$715,000 as of January 1, 2023. Since market value has been determined, a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
