

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Hunter  
DOCKET NO.: 23-24004.001-R-1  
PARCEL NO.: 16-18-425-014-0000

The parties of record before the Property Tax Appeal Board are James Hunter, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,615  
**IMPR.:** \$33,186  
**TOTAL:** \$39,801

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1½-story dwelling of frame exterior construction with 1,523 square feet of living area. The dwelling is approximately 103 years old. Features of the home include a basement with finished area, central air conditioning, and a 2-car garage. The property has an approximately 4,725 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same assessment neighborhood code and within .80 of a mile of the subject property. The comparables are improved with 1½-story class 2-03 dwellings of frame exterior construction ranging in size from 1,237 to 1,728 square feet of living area. The homes

are 110 or 123 years old. Each comparable has a basement and two fireplaces. One comparables has a 2-car garage. The comparables have improvement assessments ranging from \$22,068 to \$31,760 or from \$17.43 to \$18.38 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,231 or \$17.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,801. The subject property has an improvement assessment of \$33,186 or \$21.79 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within a ¼ of a mile of the subject property. The comparables are improved with 1½-story or 2-story class 2-03 or 2-05 dwellings of frame exterior construction ranging in size from 1,398 to 1,816 square feet of living area. The homes are 110 or 115 years old. Each comparable has a basement, with two having finished area, and from a 1-car to a 2½-car garage. One comparable has central air conditioning and one comparable has a fireplace. The comparables have improvement assessments ranging from \$34,543 to \$45,180 or from \$21.77 to \$25.77 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 and the board of review's comparable #1 which are less similar to subject in age, dwelling size and/or design style.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review's comparables #2, #3 and #4 which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments ranging from \$31,760 to \$36,029 or from \$18.38 to \$25.77 per square foot of living area. The subject's improvement assessment of \$33,186 or \$21.79 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
