

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bradley Byrd
DOCKET NO.: 23-24012.001-R-1
PARCEL NO.: 32-06-316-001-0000

The parties of record before the Property Tax Appeal Board are Bradley Byrd, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,413
IMPR.: \$29,587
TOTAL: \$38,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,290 square feet of living area. The dwelling is approximately 44 years old. Features of the home include a basement, central air conditioning, and a 2-car garage. The property has a 16,826 square foot site and is located in Flossmoor, Bloom Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging in size from 2,427 to 3,078 square feet of living area. The dwellings are from 45 to 61 years old. Each home has a basement, one with

finished area, central air conditioning, and 2-car garage. The comparables have improvement assessments ranging from \$1,163 to \$27,175 or from \$0.46 to \$8.83 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$28,277.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,000. The subject property has an improvement assessment of \$29,587 or \$8.99 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and 0.25 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 2,544 to 3,356 square feet of living area that are 24 to 58 years old. Each home has a basement, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$27,280 to \$36,500 or from \$10.72 to \$11.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2, which has a considerably lower improvement assessment than the other comparables in this record, suggesting this comparable may be an outlier. The Board gives less weight to the appellant's comparable #1 and the board of review's comparables, which differ substantially from the subject in dwelling size or age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4, which are more similar to the subject to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments of \$26,200 and \$27,175 or \$8.80 and \$8.63 per square foot of living area, respectively. The subject's improvement assessment of \$29,587 or \$8.99 per square foot of living area falls above the best two comparables in this record. However, after considering appropriate adjustments to the best comparables for differences from the subject, such as their slightly smaller dwelling sizes and slightly older ages, the Board finds the subject's assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
