

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Waaso  
DOCKET NO.: 23-24134.001-R-1  
PARCEL NO.: 32-20-430-012-0000

The parties of record before the Property Tax Appeal Board are Keith Waaso, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$862  
**IMPR.:** \$8,681  
**TOTAL:** \$9,543

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family building of frame exterior construction with 2,534 square feet of gross building area. The building is approximately 111 years old. Features of the subject include a basement with finished area and a 1-car garage. The property has an approximately 2,300 square foot site and is located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with a 1-story or a 2-story class 2-11 multi-family buildings of frame or stucco exterior construction ranging in size from 2,246 to 2,716 square feet of gross building

area. The comparables range in age from 103 to 130 years old. Each comparable has a basement with finished area. One comparable has a fireplace and one comparable has central air conditioning. Four comparables have from a 1½-car to a 2½-car garage. The comparables have improvement assessments ranging from \$6,250 to \$7,350 or from \$2.70 to \$2.78 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$6,867 or \$2.71 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,543. The subject property has an improvement assessment of \$8,681 or \$3.43 per square foot of gross building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-11 multi-family buildings of frame exterior construction ranging in size from 2,238 to 2,484 square feet of gross building area. The buildings range in age from 111 to 132 years old. Three comparables have a basement and one comparable has a concrete slab foundation. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$7,862 to \$10,149 or from \$3.51 to \$4.12 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 and the board of review's comparables #2, #3 and #4 which are less similar to the subject in design, garage amenity, and/or foundation type.

The Board finds the best evidence of assessment equity to be the appellant comparable #3, #4 and #5 and the board of review's comparable #1 which are more similar to the subject in location, age, design, gross building area and other features. These comparables have improvement assessments ranging from \$6,250 to \$8,882 or from \$2.71 to \$3.58 per square foot of gross building area. The subject's improvement assessment of \$8,681 or \$3.43 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which, appears to exist on the basis of the evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
