

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald Kush
DOCKET NO.: 23-24252.001-R-1
PARCEL NO.: 06-09-201-001-0000

The parties of record before the Property Tax Appeal Board are Donald Kush, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,788
IMPR.: \$33,544
TOTAL: \$40,332

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,415 square feet of living area. The dwelling is approximately 29 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 10,444 square foot site and is located in Hoffman Estates, Hanover Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code and from 0.45 of a mile to 1.12 miles from the subject property. The comparables are improved with 2-story class 2-78 dwellings of frame exterior construction ranging in size from 2,424 to 2,826 square feet of living

area that are 23 or 26 years old. Each comparable has a basement with "N/A" reported for basement finish. Each comparable has one fireplace and a 2-car garage. Four dwellings have central air conditioning. The comparables have improvement assessments ranging from \$20,289 to \$23,550 or from \$7.40 to \$8.37 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$19,392 or \$8.03 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,332. The subject property has an improvement assessment of \$33,544 or \$13.89 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and same block as the subject property. The comparables are improved with 2-story class 2-78 dwellings of frame exterior construction with 2,354 or 2,415 square feet of living area. The comparables range in age from 26 to 29 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$31,497 to \$36,401 or from \$13.38 to \$15.07 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to each of the appellant's comparables along with board of review comparables #1 and #4 which are less similar to the subject in dwelling size and/or located less proximate to the subject than other properties in the record.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are identical or nearly identical to the subject in location, age, design, dwelling size and features. These two comparables have improvement assessments of \$32,868 and \$36,401 or \$13.61 and \$15.07 per square foot of living area. The subject's improvement assessment of \$33,544 or \$13.89 per square foot of living area is bracketed by the two best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
