

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Greg Golz
DOCKET NO.: 23-24298.001-R-1
PARCEL NO.: 15-12-204-018-0000

The parties of record before the Property Tax Appeal Board are Greg Golz, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,960
IMPR.: \$76,939
TOTAL: \$88,899

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,160 square feet of living area. The dwelling is approximately 99 years old. Features of the home include a partial basement, central air conditioning, two fireplaces, 3 full and 2 half bathrooms and a 3-car garage. The property has a 9,200 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and within .9 of a mile from subject. The comparables are composed of class 2-06 two-story dwellings of frame exterior construction, ranging in size from 3,000 to 3,781 square feet of living area. The homes are

approximately 103 to 118 years old. Each property has a full basement, 1 to 4 full bathrooms, with three comparables featuring 1 or 2 additional half bathrooms, and one or two fireplaces. Three comparables have central air conditioning, and three comparables each have a 2-car or 2.5-car garage. The comparables have improvement assessments that range from \$52,795 to \$71,935 or from \$17.25 to \$20.52 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$58,650 or \$18.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,899. The subject property has an improvement assessment of \$76,939 or \$24.35 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subarea or 1/4 of a mile from subject. The comparables are composed of class 2-06 two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,990 to 3,231 square feet of living area. The comparables are approximately 103 to 125 years old. Each comparable has a full basement, 2½ bathrooms, central air conditioning, and one or two fireplaces. Three properties contain a 2-car garage. The comparables have improvement assessments that range from \$75,795 to \$88,692 or \$24.55 to \$28.29 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to appellant's comparables #2 #3, and #4, and the board of review's comparable #1 since these properties differ from the subject in dwelling size, and in the presence of central air conditioning, and/or garage amenity, which are features of the subject property.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #5 and the board of review's comparables #2, #3, and #4 which are overall more similar to the subject in dwelling size, garage amenity and size, and other features. However, the best comparables of record all have full basements, in contrast to the subject's partial basement, suggesting downward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$53,903 to \$85,430 or from \$17.25 to \$28.29 per square foot of living area. The subject's improvement assessment of \$76,939 or \$24.35 per square foot of living area falls within the

range established by the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
