

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Elizabeth Menjivar
DOCKET NO.: 23-24310.001-R-1
PARCEL NO.: 16-29-214-021-0000

The parties of record before the Property Tax Appeal Board are Sandra Elizabeth Menjivar, the appellant, by attorney Dimitrios Trivizas of Dimitrios P. Trivizas, Ltd. in Skokie; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,513
IMPR.: \$24,005
TOTAL: \$28,518

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 2,218 square feet of living area. The dwelling is approximately 102 years old. Features of the home include a full basement with finished area,¹ central air conditioning and a 2-car garage. The property has a 4,199 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on eight equity comparables that have the same assessment neighborhood code as the subject and are located within .9 of a mile from the subject

¹ The board of review disclosed the subject's basement is finished with a formal recreation room, which was not reported by nor was it refuted by the appellant.

property. The comparables are class 2-06 properties that are improved with two-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,278 to 2,852 square feet of living area. The dwellings range in age from 102 to 145 years old. Each comparable has a full or partial basement and a 2-car or a 3-car garage. Four comparables have central air conditioning. The comparables have improvement assessments that range from \$19,295 to \$22,827 or from \$7.79 to \$9.51 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$19,066 or \$8.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,518. The subject property has an improvement assessment of \$24,005 or \$10.82 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject, three of which are located approximately ¼ of a mile from the subject property or within the subject's subarea. The comparables are class 2-06 properties that are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,254 to 2,661 square feet of living area. The dwellings range in age from 98 to 107 years old. The comparables each have a full or partial basement with finished area, central air conditioning and either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$26,907 to \$28,936 or from \$10.87 to \$11.94 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #2 and #3 due to their lack of basement finish and/or they differ from the subject in dwelling size and/or age. Additionally, the appellant's comparables #1, #4, #6 and #7 lack central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #4, which have basement finish and central air conditioning, like the subject and are more similar to the subject in dwelling size, design and age. These two comparables have improvement assessments of \$26,907 and \$28,325 or \$11.90 and \$11.94 per square foot of living area. The subject's improvement assessment of \$24,005 or \$10.82 per square foot of living area falls below the two best comparables in this record. Based on this record the Board finds the

appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
