

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William McGuire
DOCKET NO.: 23-24397.001-R-1
PARCEL NO.: 05-34-403-001-0000

The parties of record before the Property Tax Appeal Board are William McGuire, the appellant(s), by attorney Christopher M. Caira, of KBC Law Group in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,777
IMPR.: \$82,222
TOTAL: \$114,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 116-year-old, two-story, single-family dwelling of masonry construction with 2,800 square feet of living area. Features of the home include a full basement and a two-car garage. The property has an 11,919 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a Class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 2,785 to 2,857 square feet of living area and ranged in age from 75 to 102 years old. The appellant reported that the suggested comparables each had the same neighborhood code as the subject property and were located between 0.60 and 0.70 miles from the subject property. The

appellant's comparables each had a full basement and a garage. Two of the comparables had central air conditioning. The comparables have improvement assessments ranging from \$24.61 to \$28.42 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$107,201.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject as \$114,999. The subject property has an improvement assessment of \$82,222 or \$29.36 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 2,438 to 2,968 square feet of living area and ranged in age from 112 to 119 years old. The board of review reported that the suggested comparables each had the same neighborhood code as the subject property and that the suggested comparables were located within a quarter mile of the subject property, with three of the comparables being on the same block as the subject property. Each suggested comparable had a full basement, central air conditioning, and a garage. The comparables have improvement assessments ranging from \$29.39 to \$32.92 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

This matter was set for hearing before an Administrative Law Judge on September 11, 026, but prior to that date the parties waived hearing and requested the Board decide the appeal on the evidence submitted.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the best evidence of assessment equity is each of the board of review's suggested comparables and each of the appellant's suggested comparables. Like the subject property, each of these comparables has a two-story, single-family dwelling with a full basement and a garage. The dwellings on these comparables are similar to the subject dwelling in age and living area size. These comparables are all in the same neighborhood as the subject and are within 0.70 miles of the subject property.

The best comparables have improvement assessments that range from \$24.61 to \$32.92 per square foot of living area. The subject's improvement assessment of \$29.36 per square foot of living area is within the range established by the best comparables in this record. After considering these comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is within the range established by the best comparables in this record. Based on this record, the Board therefore finds that the appellant did not demonstrate

with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
