

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Moises Campos
DOCKET NO.: 23-24481.001-R-1
PARCEL NO.: 16-29-219-034-0000

The parties of record before the Property Tax Appeal Board are Moises Campos, the appellant, by attorney Andreas Mamalakis of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,995
IMPR.: \$13,831
TOTAL: \$17,826

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,059 square feet of living area. The dwelling is approximately 104 years old. The home features a full basement with finished area,¹ two full bathrooms, central air conditioning and a two-car garage. The property has a 3,717 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject property. The

¹ The board of review disclosed the subject's basement is finished with a formal recreation room, which was not reported by nor was it refuted by the appellant.

comparables are class 2-03 properties that are improved with one-story or one and one-half-story dwellings of masonry exterior construction ranging in size from 1,050 to 1,254 square feet of living area. The dwellings range in age from 101 to 107 years old. One comparable has a crawl space foundation and three comparables each have a full basement. Each comparable has one full bathroom and two fireplaces. Two comparables each have either a one-car or a two-car garage. The comparables have improvement assessments that range from \$10,937 to \$12,614 or from \$10.06 to \$10.58 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$11,014 or \$10.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,826. The subject property has an improvement assessment of \$13,831 or \$13.06 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block and along the same street as the subject property. The comparables are class 2-03 properties that are improved with one-story dwellings of masonry exterior construction ranging in size from 1,004 to 1,074 square feet of living area. The dwellings range in age from 105 to 109 years old. Each comparable has a full basement with finished area, one or two full bathrooms and a two-car garage. One comparable has central air conditioning and two comparables each have an additional half bathroom. The comparables have improvement assessments that range from \$13,801 to \$17,004 or from \$13.58 to \$15.95 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3 due to their lack of a basement foundation or their lack of a garage, both features of the subject. Additionally, the appellant's comparable #1 differs from the subject in dwelling size and design.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4, along with the board of review comparables, which are overall more similar to the subject in location, dwelling size, design, foundation type and age. However, the Board finds the comparables have varying degrees of similarity when compared to the subject in basement finish, bathroom count, central air conditioning and garage capacity, suggesting adjustments would be

required to make them more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$11,937 to \$17,004 or from \$10.58 to \$15.95 per square foot of living area. The subject's improvement assessment of \$13,831 or \$13.06 per square foot of living area falls within the range established by the best comparables in the record both in terms of overall improvement assessment and on a per square foot of living area basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
