

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Mallin
DOCKET NO.: 23-24507.001-R-1
PARCEL NO.: 05-07-216-004-0000

The parties of record before the Property Tax Appeal Board are Robert Mallin, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,136
IMPR.: \$68,864
TOTAL: \$95,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 3,090 square feet of living area. The dwelling is approximately 109 years old. Features of the home include a basement, central air conditioning, one fireplace and a 2.5-car garage. The property has an approximately 11,880 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,612 to 3,364 square feet of living area. The

homes range from 74 to 118 years old. Each comparable has a basement and four properties have a 2-car garage. Two dwellings have central air conditioning and four homes have from one to four fireplaces. The comparables have improvement assessments ranging from \$46,884 to \$59,765 or from \$14.56 to \$20.20 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$54,353 or \$17.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,000. The subject property has an improvement assessment of \$68,864 or \$22.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of stucco exterior construction ranging in size from 2,352 to 3,420 square feet of living area. The homes are from 98 to 111 years old. Each comparable has a basement and one or two fireplaces. Three dwellings have central air conditioning and two properties have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$64,440 to \$96,316 or from \$23.13 to \$32.89 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant critiqued board of review comparable #3 arguing the dwelling size of this property to be different from the subject's dwelling size.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives reduced weight to appellant comparables #1, #2 and #5 which are less similar to the subject in age and/or lack central air conditioning. The Board gives less weight to board of review comparables #1, #3 and #4 which differ from the subject in dwelling size, lack a garage amenity and/or lack central air conditioning.

The Board finds the best evidence of assessment equity to be appellant comparables #3 and #4 along with board of review comparable #2 which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments ranging from \$46,884 to \$96,316 or from \$17.38 to \$28.16 per square foot of living area. The subject's improvement assessment of \$68,864 or \$22.29 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
