

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Melissa Jarmel
DOCKET NO.: 23-24514.001-R-1
PARCEL NO.: 05-07-404-023-0000

The parties of record before the Property Tax Appeal Board are Melissa Jarmel, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,495
IMPR.: \$98,289
TOTAL: \$130,784

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,709 square feet of living area. The dwelling is approximately 27 years old. Features of the home include a basement, central air conditioning, two fireplaces and a 2-car garage. The property has an approximately 12,998 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-78 dwellings of masonry exterior construction ranging in size from 3,429 to 3,539 square feet of living area. The homes range from 25 to 31

years old. Each comparable has a basement, central air conditioning and a 2-car or a 3-car garage. Three dwellings each have one fireplace. The comparables have improvement assessments ranging from \$79,138 to \$84,633 or from \$22.93 to \$24.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$87,421 or \$23.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$130,784. The subject property has an improvement assessment of \$98,289 or \$26.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three comparable properties, where comparable #3 is the same property as comparable #2. The two comparables are located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-78 dwellings of masonry exterior construction with 3,419 or 3,547 square feet of living area and are 24 or 30 years old. Each comparable has a basement, central air conditioning, one or two fireplaces and a 2.5-car or a 3-car garage. The comparables have improvement assessments of \$98,220 and \$107,890 or \$28.73 and \$30.42 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six equity comparables for the Board's consideration. The Board finds the parties' comparables are similar to the subject in location, age, design, dwelling size and most features. The comparables have improvement assessments ranging from \$79,138 to \$107,890 or from \$22.93 to \$30.42 per square foot of living area. The subject's improvement assessment of \$98,289 or \$26.50 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
