

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James DuBrock
DOCKET NO.: 23-24902.001-R-1
PARCEL NO.: 09-35-327-001-0000

The parties of record before the Property Tax Appeal Board are James DuBrock, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,913
IMPR.: \$25,710
TOTAL: \$39,623

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,714 square feet of living area. The dwelling is approximately 72 years old. Features of the home include a full basement, central air conditioning, and a 2-car garage. The property has an 8,184 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables consist of 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,215 to 1,669 square feet of living area. The homes range in age from 67 to 71 years old. Each dwelling has

central air conditioning, a full or partial basement, and a 1-car or 2-car garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$17,105 to \$24,170 or from \$13.78 to \$14.82 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$24,493 or \$14.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the board of review final decision disclosing the total assessment for the subject of \$41,953. The subject property has an improvement assessment of \$28,040 or \$16.36 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of 1-story or 1.5-story class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,290 to 1,782 square feet of living area. The homes range from 69 to 74 years old. Each dwelling has a full or partial basement and a 1-car, 1.5-car, or 2-car garage. Two comparables have central air conditioning and three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$22,292 to \$33,329 or from \$17.28 to \$19.99 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparable #2, as well as the comparables submitted by the board of review, which differ from the subject in dwelling size and/or lack central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, and #4, which are similar to the subject in age, dwelling size, and features. These comparables have improvement assessments that range from \$21,394 to \$24,170 or from \$13.78 to \$14.82 per square foot of living area. The subject's improvement assessment of \$28,040 or \$16.36 per square foot of living area is above the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
