

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bradley Rossa
DOCKET NO.: 23-24939.001-R-1
PARCEL NO.: 16-07-104-014-0000

The parties of record before the Property Tax Appeal Board are Bradley Rossa, the appellant, by attorney Christopher G. Walsh, Jr. of Walsh Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,561
IMPR.: \$89,439
TOTAL: \$105,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 4,548 square feet of living area. The dwelling is approximately 104 years old. Features of the home include a full basement, central air conditioning, a fireplace and a two-car garage. The property has an 11,115 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-06 properties that are improved with two-story dwellings of frame, masonry, frame and masonry, or stucco exterior construction ranging in size from 4,143 to 4,937 square feet of living area. The dwellings are

from 109 to 135 years old. Each comparable has a full or partial basement. Two comparables have central air conditioning and three comparables each have two fireplaces. The comparables have improvement assessment that range from \$63,758 to \$96,431 or from \$14.11 to \$19.53 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$74,860 or \$16.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,000. The subject property has an improvement assessment of \$89,439 or \$19.67 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block or approximately ¼ of a mile from the subject property, two of which are also along the same street as the subject. The comparables are class 2-06 properties that are improved with two-story dwellings of frame exterior construction ranging in size from 4,397 to 4,863 square feet of living area. The dwellings are from 123 to 145 years old. The comparables each have a basement, two of which have finished area. Three comparables have central air conditioning. Each comparable has one or two fireplaces and either a two-car or a three-car garage. The comparables have improvement assessments that range from \$88,863 to \$99,572 or from \$19.90 to \$21.08 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparable #4, which were not reported to have a garage and/or central air conditioning, both features of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3, which have central air conditioning and a garage, like the subject and are similar to the subject in location, dwelling size and design. The comparables have improvement assessments ranging from \$93,880 to \$99,572 or from \$19.90 to \$21.08 per square foot of living area. The subject's improvement assessment of \$89,439 or \$19.67 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and

after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
