

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: BMR Properties LLC DOCKET NO.: 23-25091.001-R-1 PARCEL NO.: 30-17-102-001-0000

The parties of record before the Property Tax Appeal Board are BMR Properties LLC, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>A Reduction</u> in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,213 **IMPR.:** \$3,350 **TOTAL:** \$4,563

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,505 square feet of living area. The dwelling is approximately 130 years old. Features of the home include a crawl space foundation and central air conditioning.¹ The property has an approximately 3,033 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same assessment neighborhood code and within 0.30 of a mile from

the subject property. The comparables are improved with 1.5-story² class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,318 to 1,692 square feet of living area and are 125 or 137 years old. Two comparables have a basement and one comparable has a concrete slab foundation. The comparables have improvement assessments ranging from \$3,750 to \$4,350 or from \$2.22 to \$3.22 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$2,487 or \$1.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,499. The subject property has an improvement assessment of \$6,286 or \$4.18 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code, same block or within ¼ of a mile from the subject property. The comparables are improved with 1.5-story or 1.7-story class 2-03 dwellings of frame exterior construction ranging in size from 1,230 to 1,508 square feet of living area. The homes range in age from 110 to 126 years old. Each comparable has a basement, one of which has finished area. Two properties have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$6,525 to \$9,800 or from \$5.30 to \$6.50 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables which are less similar to the subject in age, design and/or dwelling size than other properties in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are more similar to the subject in location, age, design and dwelling size. However, two of these best comparables have a basement in contrast to the subject's crawl space foundation, suggesting downward adjustments are needed to make these properties more equivalent to the subject. These comparables have improvement assessments ranging from \$3,750 to \$4,350 or from \$2.22 to \$3.22 per square foot of living area. The subject's improvement assessment of \$6,286 or \$4.18 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject,

the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
