

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hispanic Housing Development Corp./HHDC  
DOCKET NO.: 23-25170.001-R-1  
PARCEL NO.: 32-20-315-007-0000

The parties of record before the Property Tax Appeal Board are Hispanic Housing Development Corp./HHDC, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,487  
**IMPR.:** \$9,210  
**TOTAL:** \$12,697

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1½-story dwelling of frame and masonry exterior construction with 2,298 square feet of living area. The dwelling is approximately 105 years old. Features of the home include a basement with finished area, a fireplace and a 2-car garage. The property has an approximately 9,300 square foot site and is located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located outside the subject's assessment neighborhood code. The comparables are improved with a 1-story or 1½-story class 2-04 dwellings of frame and masonry, frame or masonry exterior construction ranging in size from 2,070 to 2,495 square feet of living area. The

homes range in age from 26 to 68 years old. Four comparables have a basement with finished area and one comparable has a concrete slab foundation. One comparable has a fireplace and three comparables have from a 1-car to a 2½-car garage. The comparables have improvement assessments ranging from \$3,027 to \$4,900 or from \$1.40 to \$2.00 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$3,447 or \$1.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,697. The subject property has an improvement assessment of \$9,210 or \$4.01 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story, 1½-story or 2-story class 2-04 dwellings of frame and masonry, frame or masonry exterior construction ranging in size from 1,968 to 2,400 square feet of living area. The homes range in age from 100 to 107 years old. Each comparable has a basement, with one having finished area. Three comparables have a fireplace and three comparables have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$7,932 to \$9,987 or from \$4.03 to \$4.16 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #1 and #2 which are less similar to the subject in age, foundation type, dwelling size and/or design style.

The Board finds the best evidence of assessment equity to be the board of review's comparables # 3 and #4 which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments of \$8,524 and \$9,987 or \$4.13 and \$4.16 per square foot of living area. The subject's improvement assessment of \$9,210 or \$4.01 per square foot of living area is bracketed by the two best comparables in this record on an overall improvement assessment basis and falls below the two best comparables on a per square foot of living area. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
