

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Manopoly Prop LLC  
DOCKET NO.: 23-25218.001-R-1  
PARCEL NO.: 10-36-209-018-0000

The parties of record before the Property Tax Appeal Board are Manopoly Prop LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,880  
**IMPR.:** \$81,120  
**TOTAL:** \$96,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3-story multi-family building of masonry exterior construction with 9,960 square feet of building area. The building is approximately 93 years old. Features of the property include a full basement and a 4-car garage. The property has a 7,440 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with a different assessment neighborhood code as the subject and are located 2 to 2.29 miles from the subject. The comparables are class 2-11 properties improved with 3-story multi-family buildings of masonry exterior construction ranging in size from 9,642 to 9,972 square feet of building area. The buildings are 96 to 108 years old and have full basements.

Three comparables each have a 3-car or a 3.5-car garage. The comparables have improvement assessments that range from \$60,859 to \$68,265 or from \$6.19 to \$7.08 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,000. The subject property has an improvement assessment of \$81,120 or \$8.14 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. Comparables #1 and #2 have the same assessment neighborhood code as the subject property and are located ¼ of a mile from the subject. The comparables are class 2-11 properties improved with 3-story multi-family buildings of masonry exterior construction ranging in size from 8,310 to 10,119 square feet of building area. The buildings are 94 to 98 years old and have full basements. One comparable has central air conditioning. Three comparables each have a 2-car or 3.5-car garage. The comparables have improvement assessments that range from \$67,560 to \$94,309 or from \$8.13 to \$9.52 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

In rebuttal, the appellant noted the difference in building size between the subject and board of review comparable #2.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #3 and #4 which are less similar to the subject in location as each comparable has a different assessment neighborhood code than the subject.

The Board finds the best evidence of equity to be board of review comparables #1 and #2 which are most similar to the subject in location and have varying degrees of similarity in age, building size and features. These comparables have improvement assessments of \$67,560 and \$85,600 or \$8.13 and \$8.97 per square foot of building area. The subject's improvement assessment of \$81,120 or \$8.14 per square foot of building area is bracketed by the two best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
