

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Grant Leech
DOCKET NO.: 23-25274.001-R-1
PARCEL NO.: 05-32-400-095-0000

The parties of record before the Property Tax Appeal Board are Grant Leech, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,700
IMPR.: \$81,319
TOTAL: \$96,019

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,158 square feet of living area. The home is approximately 12 years old. Features include a full basement, four full bathrooms, one half bathroom, central air conditioning, one fireplace, and a 2-car garage. The property has an 8,400 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 3,314 to 3,797 square feet of living area. The homes range in age from 15 to 28 years old.

Each comparable has a full or partial basement, from two to four full bathrooms, one half bathroom, central air conditioning, one fireplace, and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$65,372 to \$74,670 or from \$19.14 to \$20.67 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,019. The subject property has an improvement assessment of \$81,319 or \$25.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction ranging in size from 3,096 to 3,778 square feet of living area. The homes range in age from 4 to 16 years old. Each comparable has a full or partial basement, four full bathrooms, one half bathroom, central air conditioning, one or two fireplaces, and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$83,561 to \$100,004 or from \$26.47 to \$27.51 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #4 due to substantial differences from the subject in dwelling size, age, or which have a lesser bathroom count than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2, and #3 which are more similar to the subject in design/class, age, dwelling size, and bathroom count with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$83,561 to \$88,036 or from \$26.99 to \$27.51 per square foot of living area. The subject's improvement assessment of \$81,319 or \$25.75 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best equity comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
