

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ban Bahrani
DOCKET NO.: 23-25368.001-R-1
PARCEL NO.: 09-29-407-009-0000

The parties of record before the Property Tax Appeal Board are Ban Bahrani, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,239
IMPR.: \$20,441
TOTAL: \$27,680

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,089 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a partial basement with finished area¹ and a 2-car garage. The property has a 7,239 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristic printouts, on three equity comparables located within the subject's assessment neighborhood. The comparables are located either 1.2 or 1.3 miles from the subject property. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry

¹ The board of review disclosed the subject's basement has finished area, which was unrefuted by the appellant.

exterior construction with either 1,350 or 1,374 square feet of living area. The homes are either 54 or 57 years old. Each comparable has a full unfinished basement and a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments of either \$23,550 or \$24,550 or ranging from \$17.14 to \$17.87 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,680. The subject property has an improvement assessment of \$20,441 or \$18.77 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are located on the same block and along the same street as the subject property. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction with each having 1,132 square feet of living area. The homes are either 61 or 63 years old. Each comparable has a partial basement with finished area and a 1-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments of either \$22,402 or \$23,761 and \$19.79 or \$20.99 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located less proximate to the subject than the comparables presented by the board of review, are substantially larger homes than the subject, and lack basement finish, which the subject features.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall most similar to the subject in location, design/class, age, dwelling size, and most features. These comparables have improvement assessments of either \$22,402 or \$23,761 and \$19.79 or \$20.99 per square foot of living area. The subject's improvement assessment of \$20,441 or \$18.77 per square foot of living area falls below the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
