

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Soppet
DOCKET NO.: 23-25609.001-R-1
PARCEL NO.: 15-12-111-026-0000

The parties of record before the Property Tax Appeal Board are Steve Soppet, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,205
IMPR.: \$62,749
TOTAL: \$72,954

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame construction with 2,465 square feet of living area. The dwelling is approximately 113 years old. Features of the home include a full basement, central air conditioning, 3 bathrooms and a 2-car garage. The property has a 7,850 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables which are located within the subject's assessment neighborhood code and within .48 of a mile from subject. The comparables consist of class 2-06 2-story dwellings of frame exterior construction, ranging in size from 2,308 to 2,661 square feet of living area. The homes range in age from approximately

101 to 115 years old. Each property has 1½ or 2 bathrooms, a basement, and a 1-car or 2-car garage. Three comparables feature a fireplace, and one comparable has central air conditioning. The comparables have improvement assessments that range from \$51,362 to \$57,132 or \$21.44 to \$22.38 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$53,810 or \$21.83 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,954. The subject property has an improvement assessment of \$62,749 or \$25.46 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood code and within .25 of a mile from subject. The comparables consist of class 2-06 2-story dwellings of frame exterior construction, ranging in size from 2,412 to 2,931 square feet of living area. The homes are either 125 or 127 years old. Each property has 2½ bathrooms, central air conditioning, a basement, and a 2-car or 2.5-car garage. Two comparables feature a fireplace. The comparables have improvement assessments that range from \$65,413 to 82,870 or \$27.12 to \$30.35 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to appellant's comparables #1, #3, #4, #5 and #6, and the board of review's comparable #3 because these properties either do not have central air conditioning, a feature of the subject, or are much larger than the subject property.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and the board of review's comparables #1 and #2, since these properties are overall the most comparable to the subject in size, central air conditioning, and other features. These comparables had improvement assessments that ranged from \$57,132 to \$75,201 or \$21.47 to \$30.35 per square foot of living area. The subject's improvement assessment of \$62,749 or \$25.46 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
