

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Syed Anwar
DOCKET NO.: 23-25861.001-R-1
PARCEL NO.: 27-31-410-015-0000

The parties of record before the Property Tax Appeal Board are Syed Anwar, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis, in Kenosha, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,280
IMPR.: \$30,415
TOTAL: \$37,695

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal. By correspondence dated June 18, 2025, the appellant waived the hearing request.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 2,493 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a basement, central air conditioning, a fireplace, and a three-car garage. The property has a 10,400 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code and from .77 of a mile to 1.20-miles from the subject. The comparables consist of class 2-04 one-story dwellings of frame and masonry

exterior construction. The comparables range in age from 28 to 33 years old. The dwellings range in size from 2,359 to 2,869 square feet of living area. Each comparable has a basement, central air conditioning, one fireplace, and either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$25,244 to \$31,644 or from \$10.70 to \$11.47 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$27,747 or \$11.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,000. The subject property has an improvement assessment of \$37,720 or \$15.13 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables. None of the comparables are in the subject's neighborhood code. The comparables consist of class 2-04 one-story dwellings of frame and masonry exterior construction which are either 33 or 36 years old. The dwellings range in size from 1,964 to 2,128 square feet of living area. Each comparable has a basement, central air conditioning, and either a two-car or a three-car garage. Two dwellings each have a fireplace. The comparables have improvement assessments ranging from \$30,750 to \$34,750 or from \$15.66 to \$16.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #2 and #5, due to differences in dwelling size, age, and/or garage capacity, when compared to the subject. The Board has given reduced weight to the board of review comparables which are not located in the subject's neighborhood code, are older dwellings and are each substantially smaller in dwelling size when compared to the subject.

The Board finds the best equity comparables in the record are appellant's comparables #1, #3 and #4, which are either 28 or 29 years old as compared to the subject's age of 25 years old. The homes are each similar to the subject in foundation type and some amenities. The homes range in size from 2,359 to 2,698 square feet of living area which brackets the subject's dwelling size of 2,493 square feet. Each comparable has similar features to the subject. These best comparables have improvement assessments ranging from \$25,244 to \$30,403 or from \$10.70 to \$11.27 per square foot of living area. The subject's improvement assessment of \$37,720 or \$15.13 per square foot of living area is above the range of the best comparables both in terms of

overall improvement assessment and on a per-square-foot of living area basis, which is partially justified by the subject's newer age. Nevertheless, the Board finds the subject is inequitably assessed.

Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant has demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
