

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Luke Zatarski
DOCKET NO.: 23-25909.001-R-1
PARCEL NO.: 23-32-301-023-0000

The parties of record before the Property Tax Appeal Board are Luke Zatarski, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,582
IMPR.: \$76,918
TOTAL: \$91,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a 26-year-old, two-story single-family dwelling of masonry construction with 6,027 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, three fireplaces, and a three-car garage. The property has a 44,866 square foot site, located in Orland Park, Palos Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance. The appellant

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparable properties.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,188. The subject property has an improvement assessment of

\$81,606 or \$13.54 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof, and that a reduction in the subject's assessment is warranted.

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e); *Walsh*, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. *Bazyldo v. Volant*, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of eight equity comparable properties for the Board's consideration. After considering all the submitted comparable properties, the Board finds the best evidence of assessment equity to be the appellant's comparable properties #1, #2, and #3. These comparable properties have varying degrees of similarity to the subject. Like the subject property, these comparable properties are improved with a two story, single-family class 2-09 residence with similar amenities and have *approximately* the same size per square foot of living area as the subject. These most similar comparable properties have improvement assessments that range from \$11.48 to \$12.88 per square foot of living area. The subject's improvement assessment of \$13.54 per square foot of living area falls above the range established by the best comparable properties in this record. Based on this record and after considering appropriate adjustments to the best comparable properties for differences from the subject, such as construction, age, and finished basement area, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
