

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CA HOMES LLC  
DOCKET NO.: 23-25912.001-R-1  
PARCEL NO.: 32-25-314-001-0000

The parties of record before the Property Tax Appeal Board are CA HOMES LLC, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,888  
**IMPR.:** \$5,793  
**TOTAL:** \$8,681

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 1,406 square feet of living area. The dwelling is approximately 66 years old. Features of the home include a concrete slab foundation and 1 bathroom. The property has an approximately 8,250 square foot site and is located in Sauk Village, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of frame exterior construction ranging in size from 1,376 to 1,434 square feet of living area. The homes range in age from 52

to 67 years old. Each comparable has a concrete slab foundation and 1 bathroom. One comparable has central air conditioning and a 1-car garage. The comparables have improvement assessments ranging from \$5,671 to \$5,980 or from \$4.06 to \$4.17 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$5,793 or \$4.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,266. The subject property has an improvement assessment of \$6,379 or \$4.54 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of frame exterior construction ranging in size from 1,060 to 1,188 square feet of living area. The homes range in age from 52 to 66 years old. Each comparable has 1 bathroom a 1-car or a 2-car garage. Two comparables have a concrete slab foundation and two comparables have a basement. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$5,204 to \$6,729 or from \$4.88 to \$5.88 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review's comparables which are less similar to the subject in dwelling size, garage amenity, central air conditioning and/or foundation type.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 which are more similar to the subject in location, age, dwelling size and other features. These comparables have improvement assessments of \$5,677 and \$5,980 or \$4.13 and \$4.17 per square foot of living area. The subject's improvement assessment of \$6,379 or \$4.54 per square foot of living area falls above the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
