

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christina Arestopoulos  
DOCKET NO.: 23-25930.001-R-1  
PARCEL NO.: 12-13-413-030-0000

The parties of record before the Property Tax Appeal Board are Christina Arestopoulos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,875  
**IMPR.:** \$16,125  
**TOTAL:** \$21,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 740 square feet of living area. The dwelling is approximately 97 years old. Features of the home include a basement and a 2-car garage. The property has an approximately 3,750 square foot site and is located in Norridge, Norwood Park Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted six equity comparables that are located in the same assessment neighborhood code as the subject and within .09 of a mile from the subject property. The comparables are improved with class 2-02, 1-story dwellings of frame, masonry or frame and masonry exterior construction that range in size from 704 to 960 square feet of living area. The dwellings range in age from 70 to 100 years old. Five comparables each have a basement and one comparable has a crawl space foundation. Two comparable each have either a 2-car or a 2.5-car garage. Each comparable has one fireplace. The comparables have

improvement assessments that range from \$13,125 to \$18,125 or from \$17.31 to \$18.88 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,000. The subject property has an improvement assessment of \$16,125 or \$21.79 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject and the same block or .25 of a mile from the subject property. The comparables are improved with class 2-02, 1-story dwellings of frame exterior construction that range in size 600 to 836 square feet of living area. The dwellings range in age from 74 to 88 years old. Each comparable has a basement and a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$16,125 to \$25,125 or from \$22.88 to \$31.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables as well as board of review comparable #2 due to their differences from the subject in age and/or garage amenity.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3. The Board finds that these two comparables are most similar to the subject in design, location, garage, dwelling size and some features. These two most similar comparables have improvement assessments of \$16,125 and \$25,125 or \$26.88 and \$31.72 per square foot of living area. The subject's improvement assessment of \$16,125 or \$21.79 per square foot of living area is bracketed by the two best comparables in this record on an overall improvement assessment but below on a per square foot basis. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
