

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kymberli Brown
DOCKET NO.: 23-26024.001-R-1
PARCEL NO.: 25-29-322-029-0000

The parties of record before the Property Tax Appeal Board are Kymberli Brown, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,250
IMPR.: \$9,428
TOTAL: \$11,678

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,003 square feet of living area. The dwelling is approximately 67 years old and features a full basement. The property has a 3,750 square foot site and is located in Calumet Park, Calumet Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-03 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 1,004 to 1,097 square feet of living area. The dwellings are 71 to 79 years old and have full basements, two finished with a formal recreation room. One comparable has a fireplace

and four comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$4,999 to \$7,131 or from \$4.93 to \$6.50 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,678. The subject property has an improvement assessment of \$9,428 or \$9.40 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code and located on the same block as the subject. The comparables are class 2-03 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 1,000 to 1,058 square feet of living area. The homes are 66 to 68 years old and have full basements. One comparable has a 1.5-car garage. The comparables have improvement assessments ranging from \$9,521 to \$10,750 or \$9.52 and \$10.16 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparables for the Board's consideration with the neighborhood code and property classification code as the subject. The Board gives less weight to appellant's comparables #1, #2, #4 and #5 as well as board of review comparable #3 due to differences in garage amenity.

The Board finds the best evidence of equity to be appellant's comparable #3 along with board of review comparables #1 and #2 which overall are more similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$5,500 to \$9,750 or \$5.22 and \$9.52 per square foot of living area. The subject's improvement assessment of \$9,428 or \$9.40 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
