

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Billy Clark
DOCKET NO.: 23-26359.001-R-1
PARCEL NO.: 06-24-318-028-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Billy Clark, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **A Reduction** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$5,789
IMPR.: \$20,915
TOTAL: \$26,704

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1,780 square feet, two-story frame building on a 7,236 square feet lot in Streamwood, Hanover Township, Cook County. The 33-year-old, class 2-07 residence under the Cook County Real Property Assessment Classification Ordinance featured 1.5 bathrooms, air conditioning, a two-car garage, and a slab foundation.

The appellant based the petition on assessment inequity, contending that the assessment should be lowered to \$11.57 per improvement square foot. As evidence of nonuniformity, the appellant nominated seven class 2-07 residences within .59 miles of the subject. These suggested comparables featured a one- to two-car garage, 1.5 or two bathrooms, air conditioning except in property #6, and a partial basement or slab foundation. These potential comparator improvements were between 33 and 36 years in age; 1,649 and 1,868 square feet in size; and \$11.57 and \$11.86 per living square foot in assessment. The appellant waived the right to a hearing of the appeal.

The board of review countered that the subject improvement assessment of \$23,211, or \$13.04 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$28,999 total subject assessment, the county board of review proposed three frame improvements on the subject’s block as equity comparables. The board of review’s preferred comparators all featured a full basement or slab foundation, a two-car garage, air conditioning, and 1.5 or 2.5 bathrooms. These properties had 33-year-old buildings with 1,439 or 1,612 square feet in living area and \$13.74 or \$15.66 per living square foot in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When the ground for appeal is unequal treatment in the assessment, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment should consist of documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant met this burden of proof.

In this record, appellant comparables #3 through #5 most resembled the subject improvement and therefore provide the best evidence of assessment equity in this record. Appellant comparable #3 lacked some of the subject improvement’s living area and youth but otherwise mirrored the subject improvement’s characteristics. Appellant comparables #4 and #5, on the other hand, featured more living space than the subject, though comparator #4 had a smaller garage while appellant comparator #5 had a better basement and bathroom utility than the subject, placing it as the top of the \$11.67 to \$11.72 per improvement square foot equitable assessment range. Because the subject improvement’s \$13.04 per living square foot assessment exceeds the high end of this range, PTAB concludes the appellant showed inequitable subject assessment by clear and convincing evidence and a reduction in the subject assessment to \$26,704 is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
