

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Doyle  
DOCKET NO.: 23-26564.001-R-1  
PARCEL NO.: 27-20-316-064-0000

The parties of record before the Property Tax Appeal Board are Dennis Doyle, the appellant(s), by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,563  
**IMPR.:** \$37,487  
**TOTAL:** \$44,050

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction with 2,533 square feet of living area. The dwelling is approximately twenty-nine years old. Features of the home include a full basement, central air conditioning, a fireplace, two and a half bathrooms and a two-car garage. The property is in Orland Park, Orland Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables. The appellant comparables are all two-story constructed of frame and masonry material. They all have full or partial basements, at least one fireplace, central air conditioning and two and a half bathrooms. Four of the board comparables have two-car garages, the fifth has three. The appellant

comparables range in size from 2,731 to 2,928 square feet of living area; and in improvement assessment from \$34,550 to \$38,248 or \$12.42 to \$13.16 per square feet of living area. The appellant comparables range from .12 to .34 miles from the subject property. The appellant is requesting a reduction in total assessment to \$39,061.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,050. The subject property has an improvement assessment of \$37,448 or \$14.80 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables. The board of review comparables are two-story of frame and masonry construction. They all feature full or partial basements, central air conditioning, one fireplace and two and a half bathrooms. Two of the board comparables have three- car garages, the third has a two-car garage. They range in size from 2,405 to 2,568 square feet of living area; and in improvement assessment from \$36,676 to \$44,437 or \$15.35 to \$17.30. The board comparables are all one quarter miles distance to the subject property. On this evidence the board of review is requesting no change in assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables one through three*. These comparables were most similar to the subject property based on location, size and features. They had improvement assessments that ranged from \$15.25 to \$17.30 per square foot of living area. The subject improvement assessment of \$14.80 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
