

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William McKenna
DOCKET NO.: 23-26715.001-R-1
PARCEL NO.: 08-11-427-001-0000

The parties of record before the Property Tax Appeal Board are William McKenna, the appellant(s), by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,080
IMPR.: \$39,788
TOTAL: \$52,868

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story structure of masonry construction, approximately sixty-one years-old, with 3,248 square feet of living area. The property is on a 13,080 square foot site in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as 2-78 under the Cook County Real Property Assessment Classification Ordinance. Features of the building include two full bathrooms, one half bathroom, a full basement, air conditioning and a three-and-a-half-car garage.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with varying degrees of similarity to the subject property. The properties offered by the appellant are two-or-more-story class 2-78 houses of frame and masonry or frame construction, ranging in age from thirty-five to sixty years-old and ranging in size from 3,084 to 3,372 square feet of living area. Three of

the comparables have two full bathrooms and one has three full bathrooms. All have a half bathroom. Two of the comparables have full basements and two have partial basements. All have air conditioning. Two of the comparables have two-car garages, one has a two-and-a-half car garage and one has a one-car garage. The comparables range in distance to the subject property from 0.4 miles to 1.2 miles. Based on this evidence, the appellant is requesting an assessment amount of \$52,868.

The board of review submitted its “Board of Review Notes on Appeal” stating the total assessment for the subject property as \$56,314 including an improvement assessment of \$43,234 or \$13.31 per square foot.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. The properties offered by the board of review are two-story buildings of frame and masonry or frame construction. They range in age from sixty-two to sixty-six years old and range in size from 2,905 to 3,532 square feet of living area. The comparables range in the number of bathrooms from three full and one half bathrooms to two full bathrooms. Three have full basements and one has a partial basement. All have air conditioning and two-car garages. The record is silent as to the proximity of the comparables to the subject property.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by the appellant by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant **did** meet this burden of proof and a reduction in the subject's assessment **is** warranted.

The Board finds the best evidence of assessment equity to be the appellant’s comparables. These properties are similar to the subject in terms of living area, age, construction and proximity. In contrast, the board of review provides no information as to the proximity of its comparables to the subject property. The Property Index Numbers indicate that the board of review’s comparables and the subject property are in different subareas. In addition, comparable #1 is #343 square feet smaller than the subject property in living area. The Board finds that these

comparables are afforded less weight based on these factors. The best evidence comparables have improved assessed values ranging from \$11.65 to \$12.81 per square foot. The subject property's improvement assessment of \$13.31 per square foot is above the range established by the best comparables in the record. Based on this record the Board finds the appellant **did** demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
