

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Salouras
DOCKET NO.: 23-27064.001-R-1
PARCEL NO.: 02-19-225-023-0000

The parties of record before the Property Tax Appeal Board are Tom Salouras, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,770
IMPR.: \$24,318
TOTAL: \$32,088

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story, single-family dwelling of frame construction with 1,544 square feet of living area. The dwelling is 48 years old. Features include an unfinished, partial basement, central air conditioning, a two-car garage, and two full bathrooms. The property has an 8,633 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information about four suggested equity comparables. Based on this evidence, the appellant seeks to have the subject's assessed value reduced to \$30,482.

The board of review submitted its "Board of Review Notes on Appeal" which disclosed the total assessment for the subject as \$33,999. The subject property has an improvement assessment of \$26,230 or \$16.99 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information about four suggested equity comparables.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of assessment equity is the appellant's suggested comparables one through four. Like the subject property, each of these comparables has a one-story, single-family dwelling of frame construction with an unfinished, partial basement, a two-car garage, and central air conditioning. The dwellings on these comparables are similar to the subject dwelling in living area size and age. These comparables are all within seven-tenths of a mile of the subject. Appellant's comparable four is within a quarter mile of the subject, and the Board gives the greatest weight to this comparable, which has an improvement assessment of \$15.78 per square foot of living area.

These comparables have improvement assessments that range from \$13.06 to \$15.78 per square foot of living area. The subject's improvement assessment of \$16.99 per square foot of living area is above the range established by the best comparables in this record. The Board therefore finds that the appellant demonstrated with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is therefore warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
