

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mike Jenkins
DOCKET NO.: 23-27078.001-R-1 through 23-27078.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Mike Jenkins, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
23-27078.001-R-1	09-07-403-011-0000	5,270	13,321	\$18,591
23-27078.002-R-1	09-07-403-012-0000	4,532	13,321	\$17,853

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two parcels improved with a 1-story dwelling of frame and masonry exterior construction containing 1,845 square feet of living area. The dwelling is approximately 69 years old. Features of the home include a slab foundation, central air conditioning, a fireplace and a 2-car garage. The property is located in Des Plaines, Maine Township, Cook County and is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables located within the subject's assessment neighborhood and within 0.80 of a mile from the subject property. The comparables consist of class 2-04, 1-story or 1.7-story dwellings of frame and masonry exterior construction ranging in size from 1,837 to 2,004 square feet of

living area. The dwellings are 63 or 68 years old. Each comparable has a partial or full basement and a 2-car garage. Two comparables have central air conditioning, and one comparable has a fireplace. The comparables have improvement assessments ranging from \$26,541 to \$29,066 or from \$14.36 to \$14.50 per square foot of living area. Based on the evidence, the appellant requested that the subject's combined improvement assessment for the two parcels be reduced to \$26,642 or \$14.44 per square foot of living area.

The appellant's submission included a copy of the Cook County Board of Review final decision for the 2023 assessment year which disclosed the subject has a total assessment for the two parcels of \$38,710. The two parcels have a combined improvement assessment of \$28,908 or \$15.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" for only one of the parcels under appeal. The board of review included a notation indicating the subject's parcels for "pin 09-07-403-011/012" have a prorated improvement assessment of \$15.66 per square of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject property. The comparables consist of class 2-04, 1-story or 1.5-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,830 to 1,910 square feet of living area. The dwellings are from 25 to 93 years old. Each comparable has a full basement, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$32,222 to \$34,927 or from \$17.03 to \$18.29 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted six suggested comparables for the Board's consideration, all of which have a basement foundation in comparison to the subject's slab foundation. Nevertheless, the Board gives less weight to the appellant's comparable #3 and the board of review's comparables which are less similar to the subject in design or age than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2. These comparables are overall most similar to the subject in design, age, and dwelling size, but still require adjustments for varying degrees of similarity to the subject in features, such as a basement foundation relative to the subject's slab foundation. These two comparables have

improvement assessments of \$26,541 and \$27,469 or \$14.36 and \$14.45 per square foot of living area. The subject's combined improvement assessment of \$28,908 or \$16.57 per square foot of living area falls above the two best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject property, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
