

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vinay Kansal
DOCKET NO.: 23-27324.001-R-1
PARCEL NO.: 02-18-317-021-0000

The parties of record before the Property Tax Appeal Board are Vinay Kansal, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,808
IMPR.: \$33,574
TOTAL: \$44,382

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,712 square feet of living area. The dwelling was built in 1987 and is approximately 36 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 10,294 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the subject's assessment neighborhood code and from 164 feet to 0.3 of a mile from the subject property. One comparable is located on the same block and two comparables are along the same street as the subject. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,617 to 2,840

square feet of living area. The homes are either 35 or 36 years old. The comparables each have a partial basement with the appellant disclosing in the grid analysis that the finished basement area is "N/A." Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$26,563 to \$33,910 or from \$10.15 to \$11.94 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$30,835.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,382. The subject property has an improvement assessment of \$33,574 or \$12.38 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the subject's assessment neighborhood code. Each comparable is located on the subject's tax block, with one of these also along the same street as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,756 to 2,830 square feet of living area. The homes range in age from 32 to 36 years old. Each comparable has a full or partial basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$34,919 to \$39,715 or from \$12.67 to \$14.18 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration which are each similar to the subject in age and dwelling size. Nevertheless, the Board gives less weight to the appellant's comparables #2 and #3 which are located less proximate to the subject than the other comparables in this record. The Board gives most weight to the appellant's comparables #1 and #4 as well as the board of review comparables which are each located on the same tax block as the subject and are overall more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$26,563 to \$39,715 or from \$10.15 to \$14.18 per square foot of living area. The subject's improvement assessment of \$33,574 or \$12.38 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best equity comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
