

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Bertacchi
DOCKET NO.: 23-27552.001-R-1
PARCEL NO.: 27-17-312-018-0000

The parties of record before the Property Tax Appeal Board are Gary Bertacchi, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,194
IMPR.: \$59,805
TOTAL: \$67,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,794 square feet of living area. The dwelling is approximately 28 years old. Features of the home include a full basement, 2 full and 1 half bathrooms, 2 fireplaces and a 3-car garage. The property has a 10,926 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on four comparables located within the subject's assessment neighborhood and within 0.30 of a mile to the subject. The comparables consist of class 2-78, two-story dwellings of frame and masonry exterior construction ranging in size from 3,257 to

3,798 square feet of living area. The homes are 25 to 28 years old. Each home has a partial or full basement with one having finished area, 2 or 3 full bathrooms, central air conditioning, 2 fireplaces and either a 3-car or a 3½-car garage. Three comparables each have 1 half bathroom. The comparables have improvement assessments ranging from \$47,302 to \$51,568 or from \$13.58 to \$14.92 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$67,999. The subject property has an improvement assessment of \$59,805 or \$15.76 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately ¼ of a mile of the subject. The comparables consist of class 2-78, two-story dwellings of masonry exterior construction ranging in size from 3,073 to 3,777 square feet of living area. The homes are 25 to 28 years old. Each home has a partial or full basement with one having finished area, 2 to 4 full bathrooms, central air conditioning, 1 or 2 fireplaces and a 3-car garage. Three comparables each have 1 or 2 half bathrooms. The comparables have improvement assessments ranging from \$51,491 to \$67,390 or from \$15.76 to \$18.13 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as the board of review's comparables #1, #2 and #4 due to differences from the subject in their considerably smaller dwelling sizes and/or finished basement area relative to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, age, dwelling size and some features. These three comparables have improvement assessments ranging from \$47,516 to \$67,390 or for \$13.58 and \$17.84 per square foot of living area. The subject's improvement assessment of \$59,805 or \$15.76 per square foot of living area falls within the range established by the best comparables in the record in terms of an overall improvement assessment and is bracketed by them on a per-square-foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
