

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pooja Mahajan
DOCKET NO.: 23-27644.001-R-1
PARCEL NO.: 29-32-307-063-0000

The parties of record before the Property Tax Appeal Board are Pooja Mahajan, the appellant(s), by attorney Anne E. Edelman-Larsen, of the Law Offices of Frank A. Edelman, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,360
IMPR.: \$25,819
TOTAL: \$29,179

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 8,400 square foot parcel of land improved with a 56-year-old, two-story, frame and masonry, single-family dwelling containing 2,398 square feet of building area. The property is located in Homewood, Thornton Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of the market value argument, the appellant disclosed on the petition that the subject sold on May 12, 2023 for \$145,300 or \$60.59 per square foot of building area. The petition states that the transfer was not between related parties, that the property was advertised for sale on the multiple listing, that a realtor was involved in the sale, and that the property was not sold due to a foreclosure or for a contract for deed. The appellant included the settlement statement which did not disclose any real estate commission fees.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$29,179 which reflects a market value of \$291,790 or \$121.68 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the current assessment, the board of review submitted information on four suggested comparables. These properties are described as two-story, single-family dwellings with frame, masonry, or frame and masonry construction. They range in age from 31 to 62 years and in size from 2,056 to 2,577 square feet of building area. They sold from August 2020 to March 2022 for prices ranging from \$125.92 to \$153.21 per square foot of building area. The notes on appeal argued that that subject's assessment is supported by the comparables and that the subject was not listed on the open market prior to its sale, no realtors were involved in the sale, the sale was a bank sale, and that the sale was not at market. In support of this, the board of review submitted the special warranty deed for the sale in April 2023 and an active listing for the subject offering a purchase price of \$389,900.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

In addressing the appellant's market value argument, the board of review's asserted that the sale of the subject in May 2023 was a "compulsory sale." A "compulsory sale" is defined as

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

The evidence in this appeal shows that the property was sold by a bank and that no real estate brokers were involved in the transaction. The Board finds these call into question the arm's length nature of the sale and possibility that this sale was compulsory. Therefore, the Board gives little weight to the sale.

The Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider compulsory sales of comparable properties.

In the instant case, the Board finds the board of review submitted four sale comparables. The Board finds these comparables similar to the subject. These comparables sold from August 2020 to March 2022 for prices ranging from \$125.92 to \$153.21 per square foot of building area. In comparison, the subject sold for \$60.59 per square foot of building area which is significantly below the range of comparables and not reflective of the market. In comparison, the subject's assessment reflects a market value of \$121.68 per square foot of building area which is still below the range, but more supported. Therefore, the Board finds the subject's sale is not reflective of the market and that the appellant has not proven by a preponderance of the evidence that the subject is overvalued and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
