

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Marion
DOCKET NO.: 23-28111.001-R-1
PARCEL NO.: 02-13-109-028-0000

The parties of record before the Property Tax Appeal Board are David Marion, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,720
IMPR.: \$26,280
TOTAL: \$33,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,532 square feet of living area. The dwelling is approximately 59 years old. Features include a partial basement, central air conditioning, one fireplace, and a 2-car garage. The property has an 8,400 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,248 to 1,788 square feet of living area. The homes range in age from 56 to 65 years old.

Two comparables each have a partial basement and three comparables have either a crawl space or a slab foundation. Four comparables each have central air conditioning. Each comparable has one or two fireplaces and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$16,045 to \$22,100 or from \$11.62 to \$13.00 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,000. The subject property has an improvement assessment of \$26,280 or \$17.15 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction with either 1,248 or 1,521 square feet of living area. The homes are either 58 or 59 years old. Each comparable has a full or partial basement and a 2-car garage. Two comparables each have central air conditioning. One comparable has one fireplace. The comparables have improvement assessments ranging from \$23,001 to \$29,376 or from \$18.43 to \$20.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, #4, and #5 as well as board of review comparables #2 and #3 which are less similar to the subject in dwelling size than other comparables in this record and/or lack a basement foundation, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and board of review comparable #1 which are similar to the subject in design/class, age, dwelling size, and most features. The two best comparables have improvement assessments of \$20,784 and \$29,376 or \$12.24 and \$19.31 per square foot of living area. The subject's improvement assessment of \$26,280 or \$17.15 per square foot of living area is bracketed by the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
