

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Surya Mutyapu
DOCKET NO.: 23-28337.001-R-1
PARCEL NO.: 09-13-219-019-0000

The parties of record before the Property Tax Appeal Board are Surya Mutyapu, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,400
IMPR.: \$20,599
TOTAL: \$30,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property is improved with a one-story dwelling of frame and masonry exterior construction containing 1,180 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a partial basement, central air conditioning, 1½ bathrooms, and a 2-car garage. The property has a 9,455 square foot site located in Morton Grove, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-03 properties improved with one-story dwellings of frame and

masonry exterior construction that range in size from 1,260 to 1,393 square feet of living area and in age from 66 to 69 years old. Three comparables have a full basement and two comparables have crawl space foundations. Each property has one or two fireplaces, 1 or 1½ bathrooms and a 1-car or 2.5-car garage. One comparable has central air conditioning. The comparables have the same neighborhood code as the subject property and are located from .06 to .42 of a mile from the subject property. Their improvement assessments range from \$14,764 to \$19,290 or from \$11.15 to \$14.32 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$15,305.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,999. The subject property has an improvement assessment of \$20,599 or \$17.46 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-03 properties improved with one-story dwellings of frame and masonry exterior construction that range in size from 1,078 to 1,331 square feet of living area. The homes range in age from 62 to 67 years old. Each property has a full basement with two having finished area, a 1-car or 2-car garage, and 1, 1½ or 2 bathrooms. Three comparables have central air conditioning. The comparables have the same assessment neighborhood code as the subject and are located ¼ of a mile from the subject property. Their improvement assessments range from \$22,086 to \$25,413 or from \$18.10 to \$23.20 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The comparables are improved with dwellings similar to the subject in style, age and exterior construction. The Board gives less weight to the appellant's comparables as comparables #1, #2 #3 and #5 have no central air conditioning, which is a feature of the subject property, and comparables #3 and #4 due to differences from the subject in foundation. The Board gives less weight to board of review comparable #2 as this property has no central air conditioning, unlike the subject property. The Board finds the best evidence of assessment equity to board of review comparables #1, #3 and #4 that are most similar to the subject in features with comparables #1 and #4 also being most similar to the subject in dwelling size. These three comparables have improvement assessments that range from \$22,086 to \$25,413 of from \$18.10 to \$23.20 per square foot of living area. The subject's improvement assessment of \$20,599 or \$17.46 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
