

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Linda Resner  
DOCKET NO.: 23-28375.001-R-1  
PARCEL NO.: 32-20-115-018-0000

The parties of record before the Property Tax Appeal Board are Linda Resner, the appellant, by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,925  
**IMPR.:** \$8,060  
**TOTAL:** \$10,985

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,344 square feet of living area. The dwelling is approximately 100 years old. Features of the home include a basement, a fireplace and a 2-car garage. The property has a 7,800 square foot site and is located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood as the subject. The comparables consist of class 2-03, 1-story dwellings of frame exterior construction ranging in size from 1,064 to 1,393 square feet of living area. The dwellings are 105 to 110 years old. Three comparables each have a basement, and one comparable has a slab foundation. One comparable has central air conditioning, one comparable has a fireplace, and each comparable has a 1-car or a 2-car garage.

The comparables have improvement assessments ranging from \$3,050 to \$4,104 or from \$2.54 to \$3.33 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$10,985. The subject property has an improvement assessment of \$8,060 or \$6.00 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the same assessment neighborhood as the subject. The comparables consist of class 2-03, 1-story or 1.5-story dwellings of frame or masonry exterior construction ranging in size 1,125 to 1,503 square feet of living area. The dwellings are 94 to 105 years old. Each comparable has a basement, central air conditioning, a fireplace and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$8,000 to \$10,782 or from \$7.09 to \$7.20 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 and the board of review's comparables #2 and #3 due to differences from the subject in their design, dwelling size, or foundation type.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, age, dwelling size and foundation type with varying degrees of similarity to the subject in other features. These three comparables have improvement assessments ranging from \$3,050 to \$8,100 or from \$2.54 to \$7.20 per square foot of living area. The subject's improvement assessment of \$8,060 or \$6.00 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
