

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: First Key Homes, LLC
DOCKET NO.: 23-28438.001-R-1
PARCEL NO.: 27-27-103-030-0000

The parties of record before the Property Tax Appeal Board are First Key Homes, LLC, the appellant(s), by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,688
IMPR.: \$17,782
TOTAL: \$21,470

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,022 square feet of living area. The dwelling is approximately fifty-one years old. Features of the home include a full basement, one and a half bathrooms and a two-car garage. The property is in Orland Hills, Orland Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables. Each of the appellant comparables are one-story of frame construction. They are all constructed on a slab with two car garages. The appellant comparables have differing size garages; ranging from one full bath only to two full and one-half bathrooms. They range in size from 1,170 to 1,487 square feet of living area; and in improvement assessment from \$10,521 to \$12,900 or \$8.50 to \$8.99 in square feet of

living area. The appellant comparables range from 1.2 to 1.43 miles distance from the subject property. The appellant is seeking a reduction to \$12,528 in total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,470. The subject property has an improvement assessment of \$17,783 or \$17.40 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables. Each of the board of review comparables are one-story of frame or frame and masonry construction. They each have full or partial basements, central air conditioning and two-car garages. The number of bathrooms range from one and a half to two full and one-half bathrooms. They range in size from 1,095 to 1,330 square feet of living area: and in improvement assessment from \$24,187 to \$27,937 or \$20.53 to \$22.76 per square foot of living area. One board of review comparable is a quarter mile from the subject property, another is listed as in the same subarea, the record is silent as to the third properties proximity to the subject property. On this evidence the board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables one through three*. These comparables had improvement assessments that ranged from \$20.53 to \$22.76 per square foot of living area. The subject's improvement assessment of \$17.40 per square foot of living area falls above/below/within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
