

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Pickard
DOCKET NO.: 23-28493.001-R-1
PARCEL NO.: 02-01-307-021-0000

The parties of record before the Property Tax Appeal Board are Ronald Pickard, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,770
IMPR.: \$47,230
TOTAL: \$51,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 4,585 square feet of gross building area. The building was built in 1974 and is approximately 49 years old. Features include a slab foundation, central air conditioning, and a 2-car garage. The property has a 5,800 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,638 to 4,809 square feet of gross building area. The buildings are either

39 or 51 years old. Each comparable has a slab foundation and central air conditioning. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$45,556 to \$46,448 or from \$9.47 to \$9.94 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,000. The subject property has an improvement assessment of \$47,230 or \$10.30 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood code. Two comparables are located on the subject's tax block and two comparables are ¼ of a mile from the subject property. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,638 to 5,004 square feet of gross building area. The buildings are either 38 or 51 years old. Each comparable has a slab foundation. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$52,230 to \$55,274 or from \$11.05 to \$11.26 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 as well as board of review comparables #2 and #3 which lack a garage amenity, which the subject features, and/or is located one mile from the subject, less proximate than other comparables in this record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are each located on the subject's tax block and are similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. The three best comparables have improvement assessments of either \$46,448 or \$52,230 and \$9.91 or \$11.26 per square foot of gross building area. The subject's improvement assessment of \$47,230 or \$10.30 per square foot of gross building area is bracketed by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
