

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ingrid Spinks
DOCKET NO.: 23-28497.001-R-1
PARCEL NO.: 32-05-100-002-0000

The parties of record before the Property Tax Appeal Board are Ingrid Spinks, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,968
IMPR.: \$12,887
TOTAL: \$15,855

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1½-story dwelling of frame exterior construction with 1,589 square feet of living area. The dwelling is approximately 85 years old. Features of the home include a full basement and 1½ bathrooms. The property has a 5,936 square foot site and is located in Homewood, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.34 of a mile from the subject. The comparables consist of class 2-03, 1-story or 1½-story dwellings of frame exterior construction ranging in size from 1,338 to 1,785 square feet of living area. The dwellings are from 69 to 102 years old. Four comparables each have a full basement, and one comparable has

a slab foundation. Each comparable has 1, 1½ or 2 bathrooms, 1 or 2 fireplaces, and either a 1-car or a 2-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$11,375 to \$15,650 or from \$6.72 to \$8.78 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$21,000. The subject property has an improvement assessment of \$18,032 or \$11.35 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables consist of class 2-03, 1-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,169 to 1,234 square feet of living area. The dwellings are from 65 to 69 years old. Each comparable has a full basement, 1 or 1½ bathrooms, and either a 1½-car or a 2-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$15,415 to \$17,375 or from \$12.99 to \$14.86 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine comparable properties for the Board's consideration, all of which have significant differences to the subject in design, older/newer age, foundation type and/or other features. Nevertheless, the board gives less weight to the appellant's comparable #4 and the board of review's comparables which are less similar to the subject in dwelling size and/or foundation type than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3 and #5 which are relatively similar to the subject in location, dwelling size and foundation type. However, these comparables still require adjustments for varying differences in other features to make them more equivalent to the subject, such as their older/newer age and presence of central air conditioning and/or a garage, which are not features of the subject. These four comparables have improvement assessments ranging from \$11,994 to \$15,650 or from \$6.72 to \$8.78 per square foot of living area. The subject's improvement assessment of \$18,032 or \$11.35 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated the subject's improvement was inequitably assessed

and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
