

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Stadvec  
DOCKET NO.: 23-29007.001-R-1  
PARCEL NO.: 14-31-209-011-0000

The parties of record before the Property Tax Appeal Board are Andrew Stadvec, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,000  
**IMPR.:** \$66,413  
**TOTAL:** \$81,413

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 2,078 square feet of living area. The dwelling is approximately 7 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, 4 bathrooms and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood code. The comparables are composed of class 2-78 two-story dwellings of frame and masonry, frame, or masonry exterior construction, ranging in size from 2,040 to 2,920 square feet of living area. The homes are

approximately 18 to 59 years old. Each property has a full basement with finished area, 2 or 3 bathrooms, central air conditioning, and a 2-car garage. Three improvements feature one or two fireplaces. The comparables have improvement assessments that range from \$44,250 to \$64,250 or from \$21.69 to \$22.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$45,716 or \$22.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject as \$81,413. The subject property has an improvement assessment of \$66,413 or \$31.96 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood code and within ¼ of a mile from subject. The comparables are composed of class 2-78 two-story dwellings of frame or masonry exterior construction ranging in size from 2,086 to 2,448 square feet of living area. The homes are approximately 6 to 22 years old. Each property has a full basement, two with finished area, 3½ bathrooms, central air conditioning, and a fireplace. Two improvements have a 2-car garage. The comparables have improvement assessments that range from \$66,502 to \$80,784 or \$31.88 to \$33.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to appellant's comparables #1 and #3, and the board of review's comparable #1, because each differs significantly from the subject property in either dwelling size, age, or the presence of a garage, which is an amenity of the subject property.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #4 and #5 and the board of review's comparables #2 and #3, which are more similar to the subject in dwelling size, age, garage amenity, basement amenity and other features. The comparables have improvement assessments that range from \$45,915 to \$80,784 or from \$21.74 to \$33.14 per square foot of living area. The subject's improvement assessment of \$66,413 or \$31.96 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
