

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ray Yeung
DOCKET NO.: 23-29098.001-R-1
PARCEL NO.: 32-03-331-012-0000

The parties of record before the Property Tax Appeal Board are Ray Yeung, the appellant, by attorney Anthony DeFrenza, of the Law Office of DeFrenza & Mosconi PC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,520
IMPR.: \$11,480
TOTAL: \$14,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 775 square feet of living area. The dwelling is approximately 50 years old. Features of the home include a full basement and 1 bathroom. The property has a 7,200 square foot site located in Glenwood, Bloom Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six comparables located within the subject's assessment neighborhood and within 0.29 of a mile from the subject property. The comparables consist of class 2-02, 1-story dwellings of frame exterior construction ranging in size from 720 to 861 square feet of living area. The dwellings are from 50 to 56 years old. Each comparable has a full basement with "N/A" disclosed for the finished

area and 1 bathroom. Three comparables each have a garage containing 200 or 400 square feet of building area. The comparables have improvement assessments ranging from \$7,480 to \$10,480 or from \$10.39 to \$13.52 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$14,000. The subject property has an improvement assessment of \$11,480 or \$14.81 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the same assessment neighborhood and block as the subject property. The comparables consist of class 2-02, 1-story dwellings of frame exterior construction each containing 775 square feet of living area. The dwellings are 48 or 50 years old. Each comparable has a full basement with finished area and 1 bathroom. Two comparables each have a 2-car garage. The comparables have improvement assessments of \$11,480 and \$12,480 or \$14.81 and \$16.10 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3, #4, #5 and #6 as well as the board of review's comparables #2 and #3 which differ from the subject in dwelling size and/or present a garage amenity, which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and #2 as well as the board of review comparable #1 which are identical or nearly identical to the subject in design, age, dwelling size, location and most features. These three comparables have improvement assessments ranging from \$9,905 to \$11,480 or from \$12.78 to \$14.81 per square foot of living area. The subject's improvement assessment of \$11,480 or \$14.81 per square foot of living area which matches the board of review comparable #1 with the highest improvement assessment of the three best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
